

### GNU SciTech Fest - 2019 (Celebration of the National Science Day)

Dear Sir,

Greetings of the day...

The 28th February is celebrated as a National Science Day in India every year. We, at Ganpat University celebrate this day every year.

This year we have planned to celebrate this day at state level (Gujarat state). We have planned a one day celebration '**GNU SciTech Fest - 2019**' with several competitions. Please find attached tentative plan of the event with the list of competitions, rules and regulations, registration form, poster (A3) to display at your institute.

Each institute/college is requested to appoint an institute coordinator. **Institute coordinator has to write his name and contact number on the poster (a white space is provided for the same at the bottom of the page) and then will display it on notice board.** Institute coordinator has to encourage students for participation. Also he/she has to collect filled registration form and fee from the students. Institute coordinator will submit these registration forms and fee on the day of event at the registration desk.

Also find attached a file "**Registration Compilation sheets.docx**" (available on web site: <http://www.mubiob.ac.in/content/gnu-scitech-fest-2019>) for compilation of the participation details of your institute.

- This file contains 9 different sheets for each competition.
- Institute coordinator is requested to verify and fill details of the students in these sheets.
- Submit this file through email to: **hodch.muis@ganpatuniversity.ac.in**
- The deadline for submission of this file (Registration Compilation sheets) is 23<sup>rd</sup> February, 2019 4:00 PM.

Anticipating Positive Response & Cooperation.

NOTE: On web page you can find "**Registration Compilation sheets.docx**" (i.e. .docx format)

For the file "**Registration Compilation sheets.xlsx**" (i.e..xlsx format) you may request to **hodch.muis@ganpatuniversity.ac.in**

**Dr. Keyur D. Bhatt**  
Coordinator, GNU SciTech Fest-2019

**Dr. Amit K. Parikh**  
Principal, MUIS
